

FATIN NURQISTINA

EDUCATION

ITE COLLEGE EAST

Higher Nitec in Business Information Systems (3 years)

2024 – Current

Year 2 Student

PROFILE

I am a final year Higher Nitec student in Business Information Systems at ITE with a strong interest in Web Development and creative User Interfaces design. I have hands on experience using HTML, CSS, Adobe Dreamweaver, and Canva to build and design web interfaces.

I am a self motivated learner who enjoys experimenting with code and improving through practice. I focus on creating simple, clean, and functional designs while continuously developing my technical and creative skills.
