EDUCATION

ITE COLLEGE EAST

Higher Nitec in Business Information Systems (3 years)

2024 – Current

Year 3 Student

PROFILE

I am currently pursuing a Higher Nitec in Business Information Systems at ITE. I have a strong passion for creative design and Web Development. I have hands-on experience using Canva for design and Adobe Dreamweaver for Web Development. I am dedicated to continuously expanding my skills and knowledge in these fields.

Although introverted by nature, I am highly motivated to improve myself personally and professionally. I approach design with a focus on simplicity, ensuring that every project reflects my creativity, attention to detail, and thoughtful aesthetics. I am curious, eager to learn, and excited to further develop my abilities in both design and business systems. I look forward to contributing my skills to meaningful projects and growing within the industry.
